b) Click Next → Click next again
c) It will ask certificate password. Enter certificate password and click next
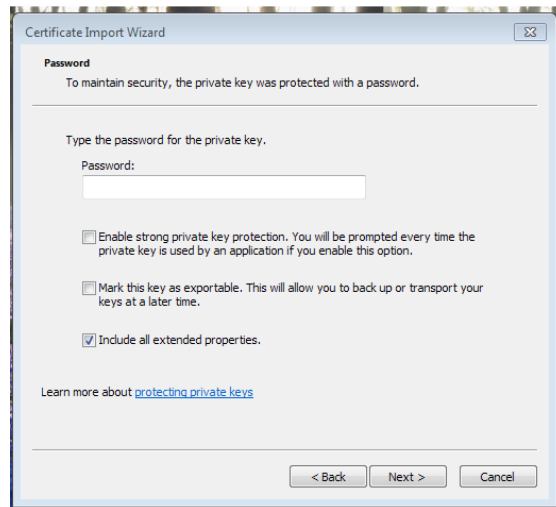

d) choose "Automatically select the certificate store based on the type of certificate" and click next
e) Click Finish and it will show you a pop-up "The import was successful"
f) Open Internet explorer → Type https://st.caesars.com
g) If certificate has imported successfully on your system. It will give you a prompt to choose the certificate.
h) Choose your user name as provided in the secure message, for example 'niit'
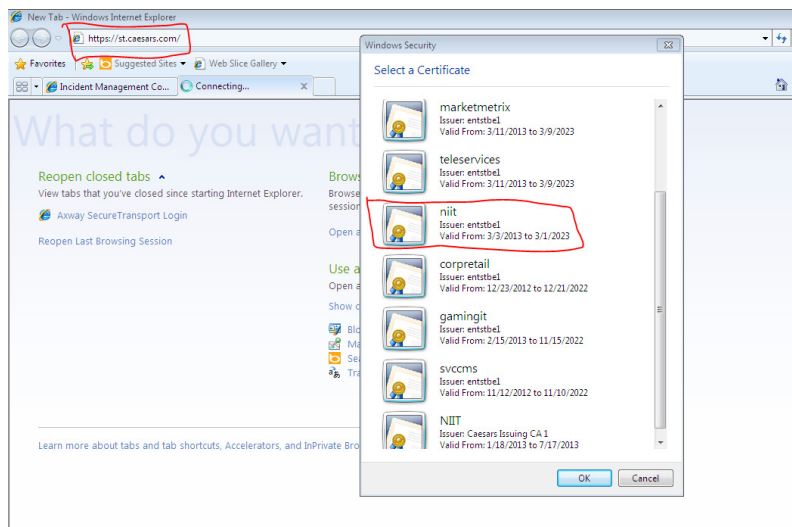

Step1

i) Click OK and server let you in without entering any username and password.
j) The next screen would be like as shown below:

Step2

Select the vendor and Click on the folder for ex:- "adhoc"

| | Browse_ | Upload File | | Set ASCII |

Files

Name	Size [B]	Date
📁adhoc		Dec 23 07:56
📁billco		Dec 23 06:16
📁carrington		Dec 23 06:16
📁cda		Dec 23 06:17
📁creativeapparel		Dec 23 06:17
📁eaglepromotions		Dec 23 06:18
📁kapankent		Dec 23 06:18
📁karolwestern		Dec 23 06:19
📁logoapparel		Dec 24 07:14
📁smithwestern		Dec 23 06:20

Click on the "/dropoff" folder (to upload the files)

/pickup folder is to receive the files uploaded by vendor

📂 /
📂 adhoc

| | Browse_ | Upload File |

Files

Name	Size [B]	Date
📁dropoff		Dec 24 07:02
📁pickup		Dec 24 07:25

Click on the Browse and select the file which you want to transfer & click on upload file

📁 /
  📁 adhoc
    📂 dropoff

[_____] [Browse_] [Upload File]

Files

| Name	Size [B]	Date

Here we are uploading a test file "adhoc.txt"

File options helps to delete the file

📁 /
  📁 adhoc
    📂 dropoff

[_____] [Browse_] [Upload File]   [Set ASCII]   [Change Password]

Files

Name	Size [B]	Date	File Options
📄 adhoc.txt	0	Dec 28 02:17	✂

Vendor end:-

/adhoc/pickup (vendor can download from here)

📂 /

| | Browse… | Upload File |

Files		
Name	**Size [B]**	**Date**
📁dropoff		Dec 24 07:25
📁pickup		Dec 28 02:17

adhoc vendor will receive "adhoc.txt"(which uploaded from corpreatil account) file in his /pickup folder.

📂 /
  📂 pickup

| | Browse… | Upload File |

Files		
Name	**Size [B]**	**Date**
📄 adhoc.txt	0	Dec 28 02:17

Note:- In the same manner "adhoc" vendor will upload files in his /dropoff folder it will receive in your internal account **"corpretail" /adhoc/pickup** folder.
